

Big Science at The Precision Fair 18 & 19 november 2015

The 15th edition of the Precision Fair will take place on 18 and 19 November 2015 in NH Conference Centre Koningshof, Veldhoven/Eindhoven (the Netherlands).

The Precision Fair is the biggest International High-Tech fair in Europe and has grown into the main European event on precision technology and has acquired an (inter)national reputation.

A Congress program is related to the fair. It has become a tradition for Big Science Institutes to visit the Precision Fair and to contribute to the Congress. Delegates from Big Science Institutes are invited to visit the fair. We can offer free access, lunch and dinner as well as accommodation in the congress center The Koningshof at Veldhoven. You can register at our site: www.bigscience.nl/en/precisiebeurs-2015. We can also organize visits to firms in the region of Eindhoven, *"The smartest region of the world"*. There will be a special booth for Big Science Institutes to show their science to the visitors of the Precision Fair.

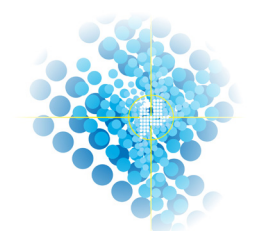

Objectives of the Precision Fair

- Create awareness on existing knowledge through exhibits and lectures
- Promote and improve cooperation and networking with the purpose of developing new products, new solutions, new markets and exchange of knowledge
- Match supply and demand
- 3.500 visitors and 275 exhibitors

Be inspired by:

- Trade fair with more than 275 specialized companies and knowledge institutions from The Netherlands, Belgium and Germany and other countries.
- Conference with more than 50 innovative and inspiring lectures in the field of measurement, micro-processing, motion control and engineering.

Hope to see you at the Precision Fair 2015!
